Handlebars	

## INTERESTS

# JOSHUA MITCHELL

## WEB DEVELOPER

## EXPERIENCE

### WEB DEVELOPMENT IMMERSIVE (2016)

#### *General Assembly / Boston MA*

- General Assembly is a 12-week, 480 hour web development immersive
- Focused heavily on Javascript and Ruby.
- I learned to implement commonly used technologies in three projects:

#### typeOne

**Description:** A forum style application where those suffering with type-1 diabetes can share their experiences, for those in need of support.

**Technologies:** Ember.js, HTML, CSS, Bootstrap, Javascript, Ruby on Rails, ActiveRecord, PostgreSQL Database

#### Monster Me

**Description:** A SPA where special effects makeup artist can share their work and contact information.

**Technologies:** Javascript, HTML, CSS, Handlebars, jQuery, Bootstrap, Ruby on Rails, ActiveRecord, and PostgreSQL

#### Monster for Hire

**Description:** A team-designed, e-commerce web application with a creative spin; parents can hire monsters to scare their children into acting right.

**Technologies:** Javascript, Express.js, Node.js, Mongoose, jQuery, Bootstrap, MongoDB

### BOAT ENGINEER (2008-2011)

#### *United States Coast Guard / Boston MA*

- Honor, respect, and devotion to duty; these are the Coast Guard core values and these are the values that I have implemented in every aspect of my life. Serving in the Coast Guard has forever shaped my ability to work successfully within a team, communicate effectively, and give my all in everything I pursue.

#### Responsibilities:

Boat Engineer / Crewman / Federal Law Enforcement Officer

## EDUCATION

### BACHELOR'S IN HOLISTIC PSYCHOLOGY (2016)

Lesley University - GPA 3.3/4.0
